Description

A FILE PRICE HAS BEEN ESTABLISHED FOR ASPHALTIC CONCRETE, EFFECTIVE 1/1/25 THROUGH 12/31/25, FOR USE BY ALL COUNTY DEPARTMENTS AND POLITICAL SUBDIVISIONS OF WESTCHESTER COUNTY.

The Bureau of Purchase & Supplies has established File Prices for Asphaltic Concrete with the listed vendors for the period **January 1, 2025 through December 31, 2025**. Items covered and pricing information are attached. It is the responsibility of the using department or municipality, when Ordering from this agreement, to purchase from the vendor who, after an Analysis of plant price and transportation rate, has the lowest Composite price among the listed vendors for the requiring location.

Material prices shown are based on an Asphalt Cement price of **\$593.000** per U.S. ton (November 2023 NYS OGS). All material prices are subject to change except Winter Mixes (403.2001, W403.2001, 15403-2030). The percentage of Asphalt Cement used in each mix is shown on the pricing page. This percentage figure multiplied by future positive or negative changes in the Asphalt Cement prices results in the adjustment amount which is to be applied to bid prices when there is greater than a \$.10 per ton change over or Under original bid price. The Bureau will provide updated Asphalt Cement prices and the using agency will be responsible for auditing to insure that prices charged are in line with the proper adjustment.

VENDORS
