Payment:

Payment Terms: Net 30

Submit payments to:

Peninsula Plastics (D/B/A Nova Products)
West Side Station
PO Box 1179
Buffalo, NY 14213

Delivery

Delivery Time: 30-45 days after receipt of order.

Prices are all inclusive, FOB Destination with no extra charges for standard platform delivery (dock delivery) in the event that a more labor intense type of delivery is required, Vendor and ordering municipality may negotiate a fair price for the extra labor required, upon mutual consent. This agreement must be done in writing.

Ordering Information

When ordering, the unit of measure is *Each*, choose the unit cost indicated in the category that reflects the quantity of the order being submitted.

Each order is to be for the same color, size and stamping.

Prices listed herein include imprint which include the following:

- Option 1: Custom stamping on one side with recycling arrows on the other side
- Option 2: Non-Custom stamping; choice of two "generic" recycling stamps placed on one side of bin. (see sample generic artwork included with this award notice)

For custom logo print, a proof must be approved before production.

Standard color is blue. Green is available, upon request; there may be an extra charge.

Containers are made of High Density Polyethylene (HDPE)

All containers are made with a portion of recycled content. When placing orders, make sure to state that containers with at least 10% recycled material is required for smaller bins and at least 20% for larger bins.

Warranty

16 gallon and 22 gallon containers have a five year warranty from manufacturer date against cracking, deterioration, rotting, warping, discoloration and/or defects in material workmanship under normal household use which would render the product unacceptable for use in residential curbside collection. Evidence of the defective bins must be provided. See information page included with this award.

Pricing

All containers with a custom logo print will be charged a one-time imprint and set up fee (plate charge) per custom logo during the term of the contract period. Logo die becomes the property of the ordering municipality once all orders are complete. **One time set up fee per logo is \$400.00**

16 Gallon Curbside Recycle Bin, HDPE, measured volume at 15.9 gallons, drag ribs on bottom, four (4) drainage holes, spill retention channel, withstands temperatures ranging from -40 degrees to 130 degrees Fahrenheit. Outside length is 19 inches, outside width is 15.5 inches, outside height is 15.5 inches, weight is 4 pounds, shipped 180 per pallet.

16 Gallon, one side custom logo imprint (One time set up fee per logo is \$400.00 see above)

250-500 containers	\$11.75	per	each

16 Gallon Recycle Bin

Recycle bin designed for residential collection with
larger, easy to use handles.

Toll Free 1-888-321-7757 | www.novaproducts.ca

16 Gallon Recycle Bin

Introducing the first curbside recycle bin with rounded handles. Made from 100% high density polyethylene and designed for curbside recycling programs, this bin will withstand extreme temperature ranges and repeated indoor and outdoor use. With added design features Nova's recycle bins never stick when stacked together and can be handled easily even with heavy duty work gloves.

FEATURES:

- Made from high density polyethylene (HDPE)
- Measured volume at 15.9 Gallons or 60 Litres
- Larger handles with more finger room
- Rounded handle design prevents breaking from repeated use
- Drag ribs on the bottom of the bin for longer wear and tear
- 60 kilogram weight capacity
- Four (4) drainage holes
- Spill retention channel
- Withstands temperature ranging from -40°F to 130°F
- Custom colours available
- Custom imprinting available
- Solid lids, vented lids, lids with quick-drop hole and lids with quick-drop slotted hole are available

16 Gallon (60L) Curbside Recycle Bin

Volume	15.9 Gallons
Weight Capacity	60 kg
Outside Length	19"
Outside Width	15.5"
Outside Height	15.5"
Weight	4 lbs
Pallet Quantity	180

Bigger and better handles with more finger room. Made from durable HDPE.

Drag ribs on the base for longer wear and tear. Bins never stick together when stacked.

Customize bins with your logo and or message.

MANUFACTURER WARRANTY

Peninsula Plastics Limited will guarantee our products for five (5) years from manufacture date against cracking, deterioration, rotting, warping, discoloration and/or defects in material workmanship under normal household use which would render the product unacceptable for use in kitchen food waste, or manual residential curbside collection.

Evidence of the defective container must be provided to the manufacturer, Peninsula Plastics Limited (dba Nova Products), to constitute reimbursement to the customer. Damaged or defective containers should be placed on a pallet and shrink wrapped to allow for easy removal and to prevent worker injury. All products are fully recyclable as they are 100% HDPE. The customer must obtain photos, samples and quantities of defective product so Nova Products can review the claim and determine how many are considered defective.

Defective containers will be replaced on the subsequent order at no cost to the customer. If no subsequent order exists Peninsula Plastics Limited will credit the number of containers deemed defective. The decision of reimbursement will be at the discretion of the manufacturer based on the evidence provided. In contracts where, full replacement of the containers is required by the customer, at least 4-6 weeks must be given to the manufacturer to rectify after reviewing the evidence provided by the customer.

All warranty inquiries should be directed to kayla@novaproducts.ca and will be subsequently forwarded on to the quality department for review and follow up.
