FIRE FIGHTING FOAM

SCOPE

Westchester County is soliciting bids for firefighting foam to supply Westchester County Government and political subdivisions (cities, towns, villages, school districts and fire districts) within the County of Westchester with a means of purchasing firefighting foam.

1. This is a cooperative effort among municipalities in Westchester County to:
 - a. Establish a contract as contractor's primary offering to municipalities in Westchester County.
 - b. Achieve cost savings for vendors and government agencies through a single bid process that eliminates the need for multiple government bids and multiple responses by vendors.
 - c. Combine the requirements of government agencies regionally to achieve cost effective pricing.

PAYMENT

All purchase and payment transactions shall be made directly between the Contractor and the municipality.

DELIVERY POINT

Delivery point shall be designated by the municipality. Each municipality will be responsible for its own delivery points, orders and invoices. Contractor is instructed to deal individually with the municipality on these matters.

TERM OF CONTRACT AND RENEWAL

The initial term of Contract shall be one year and commence on date of award, or upon notice from Westchester County to Contractor.

County shall have the right in its best interest to renew Contract for up to two (2) additional one (1) year periods. If County elects to renew Contract, County will provide notice to Contractor ninety (90) days prior to the expiration date of Contract. Failure to notify Contractor within this time period shall not operate as a waiver of County's right to renew Contract. Within ten (10) Business Days of receiving such notice, Contractor shall submit a signed renewal to County. Each renewal shall be on the same terms and conditions as the prior term.

NOTE TO CONTRACTOR

Contract Award Notification is not an order. Do not take any action under this contract except on the basis of purchase order(s) from the municipalities.

CHANGES TO THIS REQUEST FOR BID

Do not make any change to the documents of this RFB. All bidders are required to submit Bid Submissions in response to the same terms and conditions. Attempts to make changes to the RFB documents may render a Bid Submission non-responsive. Changes to the RFB documents by others are not binding on the County. Bidders are hereby notified that any attempt to change any part of this RFB shall be null and void, and that a bidder may be obligated to the Bid Price offered by it with the terms and conditions as set forth in the RFB as issued (and amended) by the County.

PROVIDE WITH BID

1. This entire RFB package.

CONTRACT QUANTITIES

Unless otherwise stated in the Specifications, unit prices shall not vary, notwithstanding any increase or reduction in the quantities of Goods or Services requested by the municipality, and no claim for damages shall be made by or allowed to Contractor by reason of such increase or reduction.

1. This is a Requirements Contract unless specifically stated otherwise, and the estimate of quantities of the Goods or Services required is approximate and shall in no respect be deemed a guarantee.
 - a. The quantities actually required to complete the Contract may be less or more than estimated, and, if less, then no action for damages or lost profits shall accrue to Contractor.
 - b. If the quantity(ies) varies from original estimated number or amount, then the Contract Price shall be adjusted accordingly.

Even if this is not a Requirements Contract, the County shall have the right to increase or reduce the quantity of Goods or Services by up to ten percent (10%) thereof.

REJECTION OF BID SUBMISSIONS

1. The County may reject a Bid Submission if:
 - a. the bidder does not provide any of the information or documents required;
 - b. the bidder misstates, misleads, or conceals any material fact in its Bid Submission or at any time in connection with this RFB;
 - c. the Bid Submission is not in compliance with law;
 - d. the Bid Submission is not responsive to the requirements of this RFB or the requirements of the Contract terms and conditions;
 - e. any part of the Bid Submission, such as the Bid Price, is conditional;
 - f. the Bid Submission, in the opinion of the County, contains unbalanced bid prices;
or
 - g. a determination that the bidder is not "responsible" (as defined by law) is made in accordance with law or County regulations.
2. The County reserves the right to reject all Bid Submissions whenever it deems it in the best interest of the County to do so. The County also reserves the right to re-issue the solicitation.
